

Light intensity, I [lumens]

How the light intensity from a beam of light changes with increasing distance.

distance, d^{-2} [m^{-2}]	25	11.1	6.25	4	2.7	2.04
light intensity, I [lumen]	240	110	62	40	26	20

distance, d^{-2} [m^{-2}]
